Forecast For East of England
Issued by Met Office Exeter
at 0400 on Wednesday 14 Jul 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloud breaking with sunshine developing.

Today:
Cloudy start before skies start to brighten later in the morning, with some very warm and strong afternoon sunshine developing across western areas. Perhaps remaining cloudy near some coasts. Rather brisk breeze and feeling cooler in east. Maximum temperature 25 deg C (77 deg F).

Tonight:
Generally cloudy across eastern areas with the longest clear spells further west. Turning mostly cloudy by the end of the night. Brisk winds continuing, especially near coasts. Minimum temperature 14 deg C (57 deg F).

Thursday:
Cloudy start to Thursday morning before the cloud breaks to give some warm, strong sunshine by afternoon. A sunny end to the day with mostly light winds. Cooler near coasts. Maximum temperature 23 deg C (73 deg F).

Outlook for Friday to Sunday:
A fine and increasingly warm spell of weather with long spells of strong sunshine. Early mist possible each morning.
